### ABOUT ME

---

Senior eCommerce developer with 8+ years of experience building and rescuing high-traffic Magento 2 and WordPress/WooCommerce stores for businesses worldwide. I don't patch problems with more plugins. I write clean, scalable code that solves the root issue. I follow CI/CD pipeline practices across most projects, ensuring reliable deployments, consistent environments, and faster delivery cycles.

**Currently open to senior remote or onsite positions.**

### CORE SKILLS

---

Magento 2	WooCommerce	WordPress	PHP / MySQL
REST API	GraphQL	Webhooks / OAuth	ERP Integration
Hyva Theme	Luma Theme	Elementor / ACF	WPML
GitHub Actions	CI/CD Pipelines	Docker	AWS EC2 / S3
Redis Caching	Core Web Vitals	Git	DigitalOcean / Vercel
Erp system	Stripe / PayPal	Asana / Slack	SEO Basics

### PROFESSIONAL EXPERIENCE

---

#### Senior Magento 2 & WordPress Developer | [Upwork.com — Freelance](#)

2019 – Present

- Top Rated freelancer with 5-star rating across 100+ completed jobs and 1,500+ hours logged.
- Build and maintain Magento 2 stores: custom modules, Hyva & Luma themes, checkout optimization, multi-store configuration, and Magento 1 to 2 migrations.
- Develop WooCommerce and WordPress solutions: custom plugins, payment gateway integrations, Elementor/ACF builds, and WPML multilingual setups.
- Design and implement REST API, GraphQL, and webhook integrations with Odoo, SAP, HubSpot, ShipStation, Stripe, and PayPal.
- Optimize store performance: database tuning, Redis caching, image optimization, and Core Web Vitals improvements reducing load times from 6s to under 2s.
- Set up CI/CD pipelines using GitHub Actions, Docker, AWS EC2/S3, and DigitalOcean with automated deployments, and security hardening.

#### Web Developer | [Spidertrixcons — Islamabad](#)

2018 – 2019

- Managed client communications and oversaw full project lifecycle for web development engagements.

- Delivered custom WordPress themes and plugins, Magento store builds, and website optimization tasks.
- Ensured scalable, maintainable solutions tailored to each client's unique business requirements.

## **Web Developer** | **Invisionlab — Islamabad**

2016 – 2018

- Started as an intern and secured a permanent position within one month based on performance.
- Built custom WordPress and Magento themes, simple plugins/extensions, and implemented designs from mockups.
- Handled HTML, CSS, and JavaScript front-end tasks; resolved bugs to ensure smooth website performance.
